

The essential App for the planning and management of Housekeeping Department

Real time notifications
to other departments

Real time update
to FrontHotel

Real time supervision
of each task

Helps to protect
the environment

App fully integrated with FrontHotel PMS!

From a smartphone or tablet it is possible to plan and assign the tasks of the housekeeping staff, get in real time the information that comes from the reception (Check-out, Do not Disturb, Priorities...), open Report of Failure or register Lost&Found Objects, close rooms or even post the charges of Minibar or Laundry directly to the account of the guest, and all with a simple click!.

Also, with **ICGRoomService Mobile** the listings and the forms of housekeeping staff get removed therefore saving costs and contributing to help in the environment conservation

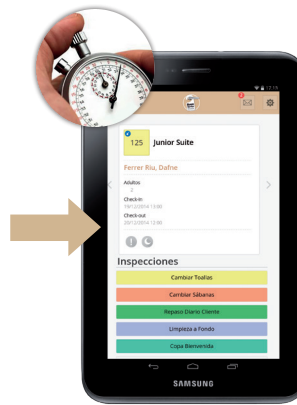

Room Status:

- On screen visualization of the status of each room
