

# CashDro and HIOPOS consolidates in the German market

*Marketing agreements signed in the course of one of the main fairs specialized in food and hostelry, INTERNOGA, held in the city of Hamburg*

## HAMBURG

Technological Services Center (CST), manufacturer of CashDro cash management equipment and autonomous and unattended Points of Sale, T-Quiosk, has closed a new marketing agreement for the German market, by which the CashDro Deutschland concession is created.

Likewise, HIOPOS Solutions has signed an agreement for the creation of a new Partner Excelsius for the exclusive commercialization of HIOPOS solutions in the German market, through the company METPOS.

Both agreements were signed

in the course of one of the main fairs specialized in food and hostelry, INTERNOGA, which is held in the center of Europe.

For this reason, the ICG Group President, Andreu Pi, traveled to the German city of Hamburg to formalize these new agreements that reinforce its presence in the center of Europe, and consolidates the international expansion of both CashDro and HIOPOS.

The global and specific HIOPOS solutions, specialized for the hotel and food industry, as well as the CashDro cash management teams and the autonomous T-Quiosk points of sale, had a great acceptance and success among the hundreds of companies that visited the stand in the Fair.

INTERNOGA has 1,300 exhibiting companies, 15 pavilions and receives more than 96,000 visitors.
